REQUEST FOR CERTIFICATE OF CORRECTION
UNDER 37 CFR 1.323

Patentee respectfully requests that a Certificate of Correction under 37 CFR §1.323 be issued for the above identified patent with respect to claim 1 as shown in the attached Certificate of Correction. The Patent as issued improperly states in claim 1, lines 9-11, “said robot with said welding tool being arranged with a range of operation such that said *joining* tool at said *welding* station performs joining operations at said *joining* station.” (Emphasis added). The Patent should have correctly stated in claim 1, lines 9-11, “said robot with said welding tool being arranged with a range of operation such that said *welding* tool at said *joining* station performs joining operations at said *joining* station.” (Emphasis added) as shown in the attached Certificate of Correction, which is fully supported by the Examiner’s Amendment of September 6, 2007.

Patentee, therefore, respectfully requests that a Certificate of Correction be issued for the above identified patent with the correct claim 1 language.

Favorable action is respectfully requested.

Respectfully submitted
for Applicant,
